**Department:** \_\_\_\_\_ **Phone** \_\_\_\_\_

**Animal Protocol Title:** \_\_\_\_\_  
(If animal species not identified in title, list parenthetically after title, i.e., rat, mice, etc.)

**Description of the proposed modification:**

Significant changes to an Animal Study Proposal must be submitted to Research Administration for review and subsequent coordination with LARB for review and approval. Significant changes include, but are not limited to, a change in one or more of the overall aims or objectives of the study which would affect animal use; an increase in animal pain, distress or discomfort; a change of principal investigator; a change or addition of personnel having a role in the care and handling of animals as approved in the original proposal; a significant change in the animal number; a major change in procedures, surgery, or treatment; addition of the use of hazardous or radioactive materials; a change in species.

Explain the proposed modification(s) to the study. Include a brief description of the reasons for the change(s). Use additional sheets if necessary.
